**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I used lousy, low bandwidth AT&T broadband service for years. Mostly because I had had it so long that I had used my at&t email address to for a lot of accounts, and it was very labor intensive to change.

When Sonic offered gigabit fiber in my neighborhood for less money than I was paying for vastly slower AT&T service, that did it.

I happen to live in a competitive urban environment, so I have a choice. Choice means I have incredible service at a better price. More Americans should have real choice for their broadband provider, and we should not be adopting policies that reduce competition.
